Ad Soyad _____ Sınıf _____ No _____ Puan _____

1-4. soruları aşağıdaki metne göre cevaplayınız.

Green Teens Club

Kıvanç

Hey friends, what eco-friendly habits do you practice at home to protect our planet against global warming?

Lale

In my family, we sort all our household waste into separate bins to recycle paper, plastic, glass, and metal.

Murat

That's great, Lale! I always ride my bike or walk to school instead of going by car so we don't burn fossil fuels and cause air pollution.

Nehir

And I am very careful about water scarcity. I take short showers and turn off taps immediately to prevent drought.

1. Who talks about a precaution that directly reduces air pollution from vehicles?

- A) Nehir B) Kıvanç
C) Lale D) Murat

2. How does Lale's family contribute to protecting the environment?

- A) By walking to school
B) By sorting waste for recycling
C) By planting trees in the garden
D) By taking short showers

3. Why does Nehir take short showers and turn off taps quickly?

- A) To save water against drought
B) To save money on bills
C) To recycle more plastic
D) To reduce air pollution in her city

4. We can infer from the chat that all the students in the group ____.

- A) all take short showers
B) care about protecting nature
C) all sort their waste at home
D) all ride bikes to school

5-8. soruları aşağıdaki metne göre cevaplayınız.

From: Regional Forestry Directorate
(alerts@forestry.gov.tr)
To: Registered Campers
(campers@outdoorclub.org)
Subject: Extreme Wildfire Risk and Camping Restrictions
Date: July 24
Attachment: Safe_Camping_Zones.pdf

Dear Campers,

Due to extreme summer drought, low humidity, and strong winds, the risk of wildfires in our pine forests is at the highest level this week. Lighting campfires, having barbecues, and throwing glass bottles on dry grass are strictly forbidden because glass can focus sunlight and start a fire. If you see any smoke, please call 112 immediately!

Best regards, Regional Forestry Directorate

5. Why is throwing glass bottles on dry grass forbidden in the forest?

- A) Glass is not recyclable
B) Glass can start a fire in sunlight
C) Animals may eat broken glass
D) Glass pollutes the air

6. Which weather conditions have increased the wildfire risk this week?

- A) Fog and high waves
B) Heavy rain and very strong winds
C) Snow and freezing cold
D) Drought, low humidity and wind

7. What should campers do immediately if they notice smoke in the forest?

- A) Call 112 right away
- B) Take a photo of it
- C) Put it out with water
- D) Leave the forest quietly

8. Which of the following is NOT prohibited in the email?

- A) Leaving empty glass bottles on the dry grass
- B) Having a barbecue with friends near dry trees
- C) Walking in the safe camping zones
- D) Lighting a campfire in the pine forest at night

9-12. soruları aşağıdaki metne göre cevaplayınız.

STOP DEFORESTATION: PLANT A SAPLING TODAY!

Date: Sunday, March 21

Time: 09:00 a.m. - 01:00 p.m.

Place: Green Valley Forest Area

Price: Free (Bus service from the city center)

Topic: Reforestation to Prevent Landslides and Global Warming

- Plant 2,000 pine saplings with environmental volunteers
- Learn how tree roots hold the soil and prevent dangerous landslides after heavy rain
- Wear comfortable boots and bring your own reusable water bottle!

9. According to the poster, how do trees help prevent landslides?

- A) They make the soil dry.
- B) They stop heavy rain.
- C) Their roots hold the soil.
- D) They block strong winds.

10. Why are the volunteers gathering at Green Valley Forest Area on March 21?

- A) To study landslides
- B) To clean the forest
- C) To cut down old trees
- D) To plant pine saplings

11. What are participants advised to bring with them?

- A) A reusable water bottle
- B) A pair of gloves
- C) A packed lunch and a snack
- D) A pine sapling

12. We can understand from the poster that ____.

- A) there is a free bus from the city
- B) people should buy water there
- C) volunteers must buy their saplings
- D) the event is on a weekday afternoon

13-14. soruları aşağıdaki metne göre cevaplayınız.

Major Natural Disasters Recorded Last Year

Sendai Coast Tsunami	Triggered by a 7.2 magnitude underwater earthquake, damaged 450 coastal buildings
Mount Etna Volcanic Eruption	Sent ash clouds 6 km into the sky, caused 3 days of flight cancellations
Midwest Plains Tornado	Reached wind speeds of 260 km/h, destroyed 120 farm roofs in 20 minutes
Artvin Valley Landslide	Caused by 48 hours of heavy rain and deforestation, blocked the main highway

13. According to the chart, which natural disaster was caused by another natural disaster under the sea?

- A) Artvin Valley Landslide
- B) Sendai Coast Tsunami
- C) Midwest Plains Tornado
- D) Mount Etna Volcanic Eruption

14. How did the Mount Etna Volcanic Eruption affect transportation?

- A) Airport roofs were destroyed.
- B) Flights were cancelled for three days.
- C) Ships were damaged in the harbor.
- D) The main highway was blocked.
